The clear choice in restoration and claims consulting —

Regal's turnkey restoration services and third-party consulting allow us to deliver and maintain exceptional service for all parties involved in complex recovery and restoration efforts.

We specialize in insurance restoration for high-net-worth individuals and premium properties, offering a full range of services.

As a financially sound general contractor, Regal boasts decades of experience in construction and major projects. Our management team excels in project management, scheduling, task coordination, status reporting, and administrative services. Additionally, Regal is fully insured and holds numerous certifications that attest to our training and expertise.

Regal is dedicated to prompt damage mitigation and properly restoring homes and businesses to their pre-loss condition. Our expert estimating staff assesses damages and determines costs using industry-standard software, and we work closely with the insurance carrier to prepare an accurate and comprehensive scope of work.

Catastrophe Services

Disasters make every insurance claim unique. Regal’s operations team provides timely response, site stabilization, damage mitigation, and restoration services for effective disaster recovery of residential and commercial structures.

Our extensive experience with various natural and manmade disasters, including fires, hurricanes, tornadoes, floods, and more, has equipped us with the knowledge and maturity needed to effectively plan and manage disaster recovery efforts. Our full-service capabilities position us well to swiftly provide turnkey restoration services.

...After the water cleanup
Regal came in and repaired
the affected areas and did a
great job. **It's actually better
than it was before** and it had
just been remodeled. We
are so happy with it! I highly
recommend this company and
would use them again.
